This decided action of the Congregation is alike creditable to itself and the Rev. Mr. Woons. Another Fatal Riot at St. Louis.

Louis, May 12 - The city saw anothe terrible tragedy last night about six o'clock. A large body of Home Guards entered the city Fifth street, from the Arsenal, where they had been enlisted during the day and furnished with arms. On reaching Walnut street, the troops turned westward, a large crowd lining the pavements to witness their progress At the corner of Fifth street, parties among the spectators began hooting, hissing and otherwise abusing the companies as they passed, and a boy about 14 years of age discharged a pistol into

Part of the rear company immediately turned and fired upon the crowd, and the whole column was instantly in confusion, breaking their ranks and discharging muskets down their own line and among the people on the side walks. The shower of balls for a few minutes was terrible, the bullets flying in every direction, entering doors and windows of private residences, breaking shutters, tearing railings, and even smashng bricks on the third story.

The utmost confusion and consternation prevailed, spectators fleeing in all directions, and but for the random firing of the troops, scores of people must have been killed. The State troops released from the Arsenal last evening came to the city on the steamer fearing to trust themselves among the Ger mans of the lower wards, even under escort .-All complain bitterly of bad treatment during their confinement in the Arsenal.

All good citizens deprecate the action of the lawless parties, and mostly blame the troops for indiscriminately firing into a crowd of innocent people without orders, and cry out against the unnecessary marching of armed soldiers through the city.

A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. Paor. O. J. Wood: Dear Sir:—In the latter part of
the year 1852, while attending the State and National
Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole idly, so that in the short space of six months, the whole upper part of my scalp was almost entirely hereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair would again be restored, I was forced to become reconciled to my fate. until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggiet, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars worth of your Restorative, and as a result, have a

lars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recom-mended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect.
